**Research-backed professional development
empowering you to achieve better learning
outcomes across all delivery modes**

Annual PD Membership

Your learners deserve the best, and so do you

Hi - I'm Deniese. I personally research, create, and present all the professional development you'll access through this membership. You're getting direct access to an award-winning researcher and best-rated presenter passionate about helping you succeed.

Two simple membership options

I know you're busy, so let's make this straightforward:

Do you want your team to have access to Videos Only, or to Videos + Webinars?

BASIC Membership
Videos only
<ul style="list-style-type: none">• Unlimited access to all video content (100+ videos and growing)• First access to new-release research• Recommended learning plans
\$175 per year incl gst

REGULAR Membership
Videos + Webinars
<ul style="list-style-type: none">• Unlimited access to all video content (100+ videos and growing)• First access to new-release research• Recommended learning plans• Monthly interactive webinars and Q+A sessions<ul style="list-style-type: none">○ Join members from all over Australia○ Attendance certificates issued○ Great opportunities for Q+A and discussion
\$215 per year incl gst

Why 'Regular' membership is great value: I deliver webinars for leading providers who charge \$75-\$125 per session. The 12 monthly webinars alone would cost \$800+. You get them included, plus the entire video library.

Ready to transform your professional development?

What you get (and why it works)

12-months access to a 24/7 online video platform with 110+ digestible PD videos (average 10-15 minutes). Dip in and out as time permits -- no scheduling nightmares, just practical insights when you need them.

Think Netflix for professional development -- except every strategy has been empirically tested with real educators and real learners navigating real content in Australian VET, HE, and workplace training contexts.

Topics include: assessment design, learner engagement strategies, slide design, video content creation, live online facilitation, inclusive design, digital skills barriers, AI and assessment, discussion forums, and more.

Plus monthly interactive webinars ('Regular' membership) plus live Q+A sessions for individual support and the opportunity to meet educators from across Australia.

Why this works differently:

- **Research-Backed:** Every strategy proven to work in practice, not just educational theory
- **Single-Expert Delivery:** I personally develop and present everything -- you feel guided through your entire PD journey, which builds the trust that drives implementation
- **Immediate Access:** Day-one access to the complete library -- no waiting for live events

The common challenge with PD

If you're frustrated with PD that sits unused, or webinars that you never have time for, or, worst of all, PD that doesn't help you to actually implement any improvements in your work – don't worry, you're not alone!

I get it – I've been there too. That's why I've spent the last several years working directly with team members from a variety of organisations to figure out what actually gets people engaged *and* transforms their practice.

Our results are different!

80% of members hit their 1-hour monthly PD target 80% of the time

But here's what really matters: this PD doesn't just get watched – it gets *implemented*

- One educator reported: *"From Deniese's training, I went from a very nervous, quite reluctant presenter to leader trainer for NSW."*
- A senior lecturer applying strategies learned through this PD platform redesigned a course that had experienced long term low engagement, they wrote *"Our results have jumped from 36% to 74% passing the course even before we've finished implementing all we've learned from you"*.
- "We have had such great feedback from the active learners with some stating it has been their most rewarding experience of 2025!" *Jo, Educator Capability Manager*

Want individual 1:1 coaching?

Yes, you can add-on live online coaching sessions with me. Let's talk about your needs and make a plan that works for your goals and budget. Deniese@TeachingOnline.com.au
